

Dr A. Gray
Botanic Garden

E Everett

Cambridge 1 May 1846.

Dear Sir,

I beg to return you
my best acknowledgments for
the pots of flowers, which
contributed so much to orna-
ment our rooms. Mrs Everett
& myself are both very sensible
to your kindness. I am afraid
to have them removed, under
any other superintendence than

Dr Gray

than that of Mr Carter.

But whenever you may find
for them, I must request
the Carriage to & from the
Garden may be at my
expense. —

Very truly Yours,

Edward Everett.
